Why exhibit at Marintec China in 2021?

Marintec China is Asia's leading event for the global maritime industry. Under the theme **"Forward together"**, the focus is on new industry trends, new technologies and products, as well as business opportunities. Since Marintec China was launched 40 years ago it has steadily grown and is today ranked as top two among the international maritime exhibitions.

The **Team Norway pavilion** have an **excellent location** close to the main entrance in Hall N1 as shown on the hall map to the right.

The pavilion will be branded under the official **Norway-profile** highlighting our companies' connection to each other and to Norway. This **strengthens our brands** and **create synergies**.

In addition, we provide **room for individual profiling** of each company stand, which can be coordinated with our stand contractor.
