Why exhibit at **SMM 2022**?

When it comes to meeting up with all the leading stakeholders of the global maritime industry, there's no place like SMM. It's here where the key players of the various sectors discuss and introduce solutions that define benchmarks for the age of Green and Smart Shipping. In addition, a comprehensive programme of workshops and conferences support the event.

The **Team Norway Pavilion** has an excellent location close to the main entrance in Hall B7 as shown on the hall map to the right.

The pavilion will be branded under the official Norway-profile highlighting our companies' connection to each other and to Norway. This strengthens our brands and create synergies.

In addition, we provide room for individual profiling of each stand, which can be coordinated with our stand contractor.
