EXPORTERS

## Why exhibit at **Europort 2023**?

Europort, organized in the world port city of Rotterdam, is the international maritime meeting place for innovative technology and complex shipbuilding. The fair has a strong focus on 'high-tech' ships such as dredging vessels, naval vessels, workboats, inland navigation vessels, offshore support vessels and super yachts.

With an average of 25 000 professional visitors and more than 1000 exhibiting companies, Europort belongs to the world's largest meeting and knowledge sharing B2B platforms.

### **Team Norway and Denmark joining forces**

Should you be interested in participating at Europort 2023, there will be a fully dedicated Norwegian - Danish area for the first time ever. The pavilion is located in Hall 4 as shown on the hallmap to the right.

By joining the Team Norway part of the Pavilion, you will exhibit together with strong

equipment manufacturers and service providers under the Norwegian flag.

This national cluster will attract international decision-makers, as it's truly recognised as a global centre of excellence for the maritime sector, giving you a greater impact at the exhibition.
