## Why exhibit at SMM 2026?

When it comes to meeting up with all the leading stakeholders of the global maritime industry, there's no place like SMM. It's here where the key players of the various sectors discuss and introduce solutions that define benchmarks for the age of Green and Smart Shipping. In addition, a comprehensive programme of workshops and conferences support the event.

The **Team Norway pavilion** has an excellent location in Hall B7. The pavilion will be branded under the official Norway profile. In addition, we provide room for individual profiling of each company stand.

### Apply for grants for participation at trade fairs

We have applied for SMM to be preapproved under the Norwegian government's export support scheme. If approved, this means that companies exhibiting in our Team Norway pavilion can apply to have up to 50% of their costs covered, at a maximum of NO 70.000. Remember that you must apply before you have incurred expenses on the stand at the fair. See Innovation Norway's website for the scheme for more detailed information and link to the application form (Norwegian only) here: [Export promotion grant](#)
